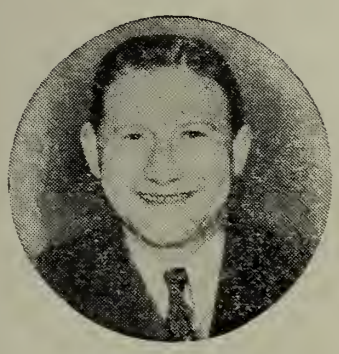
A CONFIDENTIAL INTERCHANGE OF NEWS, VIEWS AND PREDICTIONS OF THINGS TO COME FOR THE LEADING MEMBERS OF THE COIN MACHINE INDUSTRY.

VOL. 5, NO. 7 NOVEMBER 9, 1943 SERIAL NUMBER 111

"The Coin Machines Merry-Go-Round"

By Bill Gersh



THE THEME OF THE SECOND WARTIME CONFERENCE

The theme of the Second Wartime Conference of the coin machines industry, which will be officially opened within a few short weeks in the Mural Room of the Hotel Morrison in Chicago is: "GREATER AID TO THE WAR EFFORT".

We believe that no better theme exists for this, or for that matter, for any wartime conference. The coinmen who will come together on November 15, 16 and 17, 1943, in the Hotel Morrison will probably have a great many plans and problems, directly relating to their businesses, to present to this national gathering. These men all seem to have something they want to get off their chests. And they have for some years now been without this gathering of annual comradeship which stimulated them to greater effort in their businesses.

But this year of 1943, with war raging over most of the known world, with so many giving their lives for those who, here at home, are trying their hardest to keep industry alive and thereby have a place to welcome those who will return, most of the efforts of those engaged in this industry should be to help finish this war so much faster so as to bring home sons and daughters and nieces and nephews and employees and friends.

To that end do we here dedicate this Second Wartime Conference of the coin operated machines industry. To that end - to greater aid to the war effort - so as to finish the war so much faster - do we believe that most of the members of this industry will gladly gather together to plan and to suggest as to how we, as an industry, can be of help to all those boys who are staking their lives on the American way.

The time has arrived when everyone engaged in this industry must think of how much he, personally, as well as all of us, as an industry, can do to help the war effort. The purchase of War Bonds is not enough. This is but an investment, at a profit, in the greatest bank in all the history of the world. What more can we do? What more - to shame those who have called us (officially) a "non-essential industry"? To prove to those men that we are essential. That our equipment does help to maintain and even bolster morale of the armed services as well as the home front. That it does soothe the tired and frayed nerves of the men who come off the front lines of this far flung global war. That by its very soothing and relaxing essence - it is essential. What can you, an active member of this industry, suggest that would help win greater respect for all this industry and which might possibly remove the stigma, "non-essential", from this field ?

Could we, all of us, join together for one week and donate the entire proceeds of every machine which we control to the War Fund drive? Not just to the purchase of War Bonds. But to actually give that money away to the needs of our armed services. To the great many things they need - now - quickly. Think of the effect. Thruout the nation, from tiny, sleepy hamlet to gigantic, throbbing city - signs appearing on every type of coin operated machine - "the proceeds of this machine for this entire week being completely donated to the armed services".

What effect would this have on the public in your community? What effect would it have on your local press? And surely, as the news became nation-wide, what effect would it have on those officials who termed us "non-essential" ? Wouldn't this help to a great extent to eliminate much of the stigma cast upon this industry by the word "non-essential"? Wouldn't this awake a great many crusaders and blue noses and scoffers to the fact that perhaps this industry is composed of the type of Americans who give - until it hurts - and then give even more? Isn't yhis what you want for your industry? Isn't this the kind of praise that will help you and your business? And, what does it actually amount to - in dollars and cents?

But that isn't all. Why shouldn't every machine in this nation be a permanent display for helping all others to greater war effort? Why can't you, on your machines, every single one of them, post signs so that the public who play them or who just look at them in divers retail establishments, be stimulated to do more than they are now doing to help bring victory so much faster? Such posters are free to you. The U. S. Treasury Department has created a tremendous number of gorgeous posters in all sizes to stimulate the sales of War Bonds and Stamps which they will be more than happy to furnish to you free of any charge. And even these aren't all that you can use.

"The Coin Machines Merry-Go-Round"

Why can't you, in cooperation with the press and other industry in your community, arrange for even more stimulating signs to appear on your machines? Posters that will tell the public in your community of the needs of your local Red Cross Chapter and the U.S.O. and your local Canteen and the hundred and other genuinely necessary activities in which you and the people in your community are engaged in at this time? And all this costs you very, very little. Simply the use of display space on your machines. Then, why not go further, and make those machines and the people that play them love them all the more by using them as the medium to help obtain the funds that your community's war effort needs? Why not donate a part of each week's proceeds, in cooperation with your retailers who are usually more than happy to do so, and who will, because of this, share in the spotlight of the public's thanks with you?

These are but a few suggestions as to why the theme of this Second Wartime Conference is: "GREATER AID TO THE WAR EFFORT". These are only a few of the hundreds of ideas we look to you to suggest and put into action to gain your industry the prestige and respect and applause that it deserves. And, perhaps, somewhat cleanse the stigma cast upon your industry - that it is "non-essential". All this may be just a part of what you have been doing. If it is, you are one of the few. Therefore, let us arouse all others to do so, too.

We promise you that when we publish the program for this Second Wartime Conference that you will, even more than you are now, going to want to be present. This will be without any doubt, the most inspiring program ever to be presented in the history of this industry. Those who have already been tested on it have acclaimed with wonderment the tremendous import that it has for the man in this industry, or for any industry for that matter. In fact, we promise you a program to open this Second Wartime Conference to which you will even want to bring your neighbors and friends, who may not even be members of this industry.

If you haven't as yet made all arrangements to be present at the Second Wartime Conference of the coin machines industry at the Hotel Morrison, Chicago, Ill., on November 15, 16 and 17, 1943, do so today and call in everyone you know in this industry to be present with you. You are in for a great many grand and outstanding surprises. But, the surprise that will live with you for many, many years will be the spirit with which this Second Wartime Conference was arranged.

"QUIET" PRAISED

We have never before, since the inception of The Cash Box, received as much praise for any article published here as we have this past week for the lead item which appeared in our November 2nd issue entitled, "Quiet".

From California to Maine and from New Orleans to Duluth, coinmen agree that this is one of the most outstanding editorials of all time in this coin operated machines industry.

Because of the huge number of requests, we are soon going to repeat this item in more permanent form. We feel certain that you, too, along with all these others, will want to frame the reprint of this item for your offices so that everyone who enters will be able to read it. And we hope - remember it.

HONORABLE MENTION

To Spence Reese of The Rudolph Wurlitzer Company, North Tonawanda, New York, for his great effort in behalf of greater aid to the war effort on the part of the members of this industry. Spence is responsible for one of the most brilliant ideas which has as yet been conceived. He is more than deserving of our Honorable Mention Award which is now being engraved and which will soon go forward to him.

To Hymie Zorinsky of H. Z. Vending & Sales Co., Omaha, Nebr. for his work with the U.S.Treasury Department and other great causes in his community as well as his personal efforts in the Nebraska State Guards. Hymie isn't sparing anything to help put Omaha's coin machines industry on the map and gain the affection and respect of the public in this city. He is even financially supporting outdoor poster advertising for sales of War Bonds.

To Ed. George of Ed. George Music Company, Akron, Ohio, who showed the way to a great many with his full page rotogravure advertising in the Sunday Akron Beacon-Journal. His full page ad carried the story of how coinmen and their locations are helping to drive home the sales of War Bonds and Stamps and appealing to all readers of this leading newspaper to buy and buy and buy more War Bonds.

PRIDE IN OUR MANUFACTURERS

You can be proud of the manufacturers in the coin operated machines industry. Each one of them is now completely and totally engaged in war work. Many have already won their Army and Navy "E". It is of tremendous import to show all the nation the type of war effort in which the manufacturers of coin operated equipment are engaged in at this time. It is our sincere hope that they will make use of leading media, as a single group, to tell all of their great effort.

"The Coin Machines Merry-Go-Round"

When you arrive for the Second Wartime Conference you will find the manufacturers happy and eager to greet you. We realize, of course, that it is inconvenient and somewhat awkward to visit them at their factories at this time. What with the ceremony of signing in and qualifying your citizenship, being tagged like an imigrant just off the boat, being led, in some cases, from office to office by guards and having to have cards signed wherever you visit, the best thing you can do is speak with the manufacturers who are coming to the Hotel Morrison to greet you.

Many have arranged for suites of rooms where they want their friends to call around and visit them. Others are holding "open house" and will welcome you with true cordiality and hospitality. Some are even going to help make your stay as interesting as possible. And there is no doubt that you will tremendously enjoy talking to these men of whom you can really and truly be proud for the part they are playing in helping to win this war so much faster.

THE "WARTIME SPECIAL"

The "Wartime Special" issue of The Cash Box is going to prove both historical and memorable. It is going to be an issue that you will want to put away for those years when peace will once again reign thruout this grand and glorious nation of ours and when you will some evening, in a reminiscing mood, want to glance thru something that will speak out to you from its printed pages of the World War in which we were engaged in '43 and what we, as an industry, and you, as an individual, did during that period.

It is therefore important to you as a member of this industry to leave your mark in this memorable issue. To be able to, years later, recall the reason for the statement you made in the ad you placed. This is the one issue wherein you will have an opportunity to place your firm on record as an active participant in coin operated machines matters during World War II. Something that you can point to with pride when victory is ours.

FORGING FOREVER FORWARD

It is to the great praise of this industry that its members continue to forge ahead, for ever forward. Forever trying to better their own lot and by so doing, better the lot of all others engaged in this industry.

On our last hurried trip to the Midwest and back thru to the East, we were pleasantly surprised by the great many men with whom we came in contact and who were planning to meet with others of this industry during the Second Wartime Conference to propose and suggest plans and ideas for the future better welfare of this business.

These men are forging ahead. And want all others to come along with them. To insure this industry continuing on the highest possible business plane. They want to feel proud of the business in which they are now engaged. They want to have other industries recognize them as the most outstanding division of the world's entertainment field.

Whereas the movies have approximately 17,000 houses showing films thruout the nation - this industry has about 500,000 music machines alone entertaining the people of this country. And this does not take into consideration the thousands of other machines of every type, amusement, service and merchandising, with which the public are today as familiar as they are with the toasters in their homes.

So vast and outstanding an opportunity faces the men in this industry that to neglect this moment for forging even further ahead as a unique and outstanding division of the nation's entertainment, service and merchandising fields, would truly prove criminal.

Continue to plan ahead - to forge ahead - to try, and keep on trying, to help place this industry among the leaders of all industry.

POSTAL ZONES

For speedier delivery of your copies of The Cash Box we suggest that you drop us a card today giving us your postal zone number. We have been given to understand by the post office that you will get speedier delivery if you will have everyone address you to your zone number. As you probably know the post offices are today short many thousands of men. They are doing a tremendously marvelous job with this shortage and with the many times over increased mailings that are now the vogue. Therefore cooperation to that man you greet each norning who lugs that big postal bag to your door would be greatly appreciated by Uncle Sam's Post Office officials.

WE'LL BE SEEING YOU - AT THE SECOND WARTIME CONFERENCE OF THE COIN MACHINES INDUSTRY, NOVEMBER 15, 16 and 17 - AT THE HOTEL MORRISON, CLARK AT MADISON STREETS, CHICAGO, ILL. REGISTRATIONS WILL START ON SUNDAY AFTERNOON. BE SURE TO GET THERE EARLY.

Odd Coins

By Joe Orleck

A (1943) COPYRIGHTED FEATURE OF "THE CASH BOX" 381 FOURTH AVE., NEW YORK

The final closing date for your advertising copy for the Wartime Conference Special is rapidly coming along. November 10th is the day, and there will only be about 8 days from now. So rush your ads in immediately!

The operator of 1¢ equipment will be glad to learn that after December 31, 1943 the government will stop making those lead pennies, and go back to copper. However, they estimate that by the 1st of next year there will be about ½ billion lead pennies in circulation.

Bally

OPEN HOUSE

AT THE

HOUSE ON THE ROOF, SHERMAN HOTEL

NOVEMBER 16, 17

OPERATORS! DISTRIBUTORS!
COME UP AND MEET YOUR OLD FRIENDS!

GOVERNMENT REGULATIONS do not permit us to invite you to visit the Bally plant, which is now engaged 100 per cent in the manufacture of war-material. However, if you are in Chicago on November 16 or 17, please come up and see us in the "Sherman Penthouse," where we shall hold open house each evening. Many of your old friends will be there. Bally Manufacturing Company.

NOTICE

MARCH, 1942, MARKET PRICES APPEARED IN THE SEPTEMBER 7, 1943 ISSUE

PRICES LISTED ARE CURRENT WEEK'S MARKET PRICES.

IMPORTANT

The Confidential Price Lists are to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the week; Where only one price appears this should be considered lowest price.

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The Confidential Price Lists can only feature the market prices as they are quoted. The Confidential Price Lists act exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for each week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The Confidential Price Lists, rather than show no price for the week, retain the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The Confidential Price Lists report each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

6—Means no prices quoted for this machine for past two weeks.
7—Means no prices quoted for this machine for past three weeks.
8—Means no prices quoted for this machine for past four weeks or longer.

GEORGE MOLONEY'S DEATH LOSS TO INDUSTRY

The industry suffered a grievous loss by the death of George D. Moloney, vice-president and general manager of Lion Manufacturing Corporation and Bally Manufacturing Company, who died early Thursday morning, November 4, 1943, at Wesley Memorial Hospital, Chicago. The cause of his death was post-operative pneumonia following a serious abdominal operation. He was thirty-six years of age.

Mr. Moloney's death is particularly tragic coming at a time when he should have been wearing the laurels of official recognition for his part in the war effort. Because of his illness, which attacked him on the eve of the ceremony by which Lion Manufacturing Corporation was awarded the Army-Navy "E" Award, Mr. Moloney was unable to attend an event which in large part was a personal tribute to him. Chiefly to him belongs credit for the rapid conversion of the Lion plant from civilian to war production.

Mr. Moloney leaves a wife, Mrs. Celia Moloney, and daughter Shelia. Other Chicago members of his family are his brother Raymond T. Moloney, president of Lion Manufacturing Corporation; his sister Helen K. Moloney, and brothers Daniel J. and Earl F. Moloney. A brother, Harold Moloney and sister, Mrs. Alice Murphy, reside in Cleveland.
